Recently I have made a little poster with english and spanish phone numbers and website for info on AA.I have created an introduction letter focused on employers of migrant workers. They often use foriegn workers in sasonal work or busy times.

Asking employers to post this for us. I visited a couple of companies alreaady, and plan to start calling others that are farther away to ask if they are interested. I could then mail poster and info to them.It would be too costly to deliver personallyto some at greater distance from me.

Other than that our Makovik mtg. is still going. Sounds like our Inter-area R.C. founm may happen again this year in Dec..

Thank you; Paul W. A82 R.C. chair
