

NS Service Weekend  
DCM REPORT  
District 2

There are currently 17 active meetings in District 2. Most of those meetings have either a GSR or a Group Contact. Our monthly district meetings are usually well attended as are our workshops which we hold every other month (we share workshop responsibility with District 1). The workshops we have been doing are on the Traditions. We use the Traditions Checklist during those.

The NS Archivist has asked the District to let our long-timers know that she is looking for taped interviews of members with 25 or more years of sobriety to talk a little bit of what AA was like in this region when they came here. This was mentioned again at the Active Area Committee meeting which is held the last Monday of each month on zoom.

NS Provincial Roundup is being held during the first week in June. It is being hosted by Districts 1 and 2 but is held in District 2.

District 2 is currently without a treasurer but we are working on that.
