Introductions

Nick C. read the 12 Traditions

Minutes from last meeting were approved as written. Laura moved, Paul B. seconded.

Arising from minutes. Nick C. brought up both the combination of work and feeling uncomfortable/overwhelmed by removing financial information from old, approved minutes. Assembly minutes from 2025 do not contain financial information. Basil, Nick, and Marie will discuss going forward how to best approach with older documents.

Dwayne discussed the Treasurer's Report in Basil absence

Took questions to be forwarded to Basil

Jay C. brought up some questions about the 1500-dollar emergency funds to send to GSO given their budget shortfall. Was this for the coming budget or the prudent reserve? Could this wait until the spring assembly to get a better feeling of support from membership?
